

## Your Session

## WHAT TO EXPECT

AS SOON AS YOU MAKE THE DECISION TO BOOK A SESSION, CONTACT ME. We can discuss the specifics and talk about your vision for session. This will allow me to get to know you and give me a better idea of what you are looking for. It is important to book as soon as possible to give yourself an adequate amount of time to prepare. Technically, the process is simple, but your senior photos are going to last a lifetime so it is only logical to put thought and consideration into your shoot.

### **DURING**

Our session will range from one to three hours at our selected location and time. Upon arrival we will go over our schedule, chat about your wardrobe/accessory options (if you have brought additional selections) and then address any last minute questions that you might have. Once we have a game plan in place, we can start the shoot. We will plan to experiment with many poses and spots within your chosen location. If you have something specific in mind, be sure to share it with me!

## AFTER

After your session,we will discuss your options for viewing your images, after I have done any basic retouching and editing. The editing process will take about a week. We will also set up a time for you to place your order.

#### **OUR ANSWERS**

#### 1. HOW LONG WILL MY SESSION BE?

Most sessionst range from one to three hours, including travel time if we are shooting at another location.

#### 2. HOW MANY OUTFITS SHOULD I BRING?

Four to five outfits is usually a good number for your session. If you feel unsure about your choices, bring extra so that we can mix and match if we need to during your session.

## 3. WILL YOU RETOUCH MY PHOTOS?

For your convenience, all of our packages include basic retouching. We want your photos to be as special as you are, so we include this within all of our packages. If you would prefer that we did not retouch your photos, just let me know and we can discuss the process in more detail.

## 4. WHEN WILL MY IMAGES BE READY?

After your session, I will begin the photo editing process, including setting up your online gallery. This process generally takes four to five days to and then I will contact you with a link and product purchase information.

The gallery is included for 7 days at no cost. If you need it to be available for a longer period, that option is available at an additional cost.

## 5. WILL MY GALLERY BE PRIVATE?

Yes, your image gallery will be completely private. Once your gallery is complete, I will contact you via email with your link and password. At that time you are welcome to share with family members if you so choose.

"Mr. Lewis, I want to thank you for the amazing dance photos. They were absolutely

gorgeous. It is so difficult to capture a dancer properly in poses & especially in motion, but your shots were PERFECT. I truly appreciate your willingness to navigate river and mountain terrain to achieve the perfect shot, It made the entire experience unique and fun! Country Lane Photography went above my expectations

Thank you, Carsyn"

"Rich is an amazing phtotographer and I love all of my senior photos. His style is more natural, which I like and he had so many great ideas for poses and photos, but he allowed me to do the ones that I had also. Hr went above and beyond to make sure that I loved my portraits. I would definitely book with him again and would recommend him to anyone." Hanna.

"Rich is an excellent and talented photographer.

He did an excellent job capturing our girls in the photographs that he has taken throughout the years. He did a photoghoot for our girls that were in the Glady's Magazine and the girls absolutely loved getting dressed up and taking the photos and they can be kept as great memories between sisters. Rich always makes the photo sessions

fun and always helps the girls enjoy their shoots".

"I always enjoy my photo sessions with Rich and Sandy. The sessions are relaxed, fun and always result in fantastic photos".

# About Style

#### WHAT TO WEAR

THE BEST SUGGESTION THAT I CAN OFFER YOU IS TO BE YOURSELF. Self confidence is the best outfit you will ever wear, so be sure to bring that along! Don't stress and try to relax, we are going to make your photo's amazing! Choose clothing that reflects your style and compliments the location you have chosen. New outfits are amazing and can make you feel really great, but be sure to bring some of you old time favorites as well. Bring several changes.

## 1. LAYERING

Layering is not only fun, but it is also important for battling the elements if you are having an outdoor shoot. Another positive is that quickly removing a piece can quickly change your entire outfit, Layering is your friend!

## 2. BE COMFY

Everyone has their own personal style and senior portraits are definitely a time for your style to shine. Not to mention, you are going to feel the most at ease if you are comfortable in your clothing. Choose outfits that are flattering, but do not make you self-conscious. Now is probably not the best time to try out 6" heels if you normally wear flats!

## 3. COLOR

Wear colors that flatter your skin-tone and offer a bit of contrast. For example, if you hair is blonde, choose colors that medium to dark so that they don't blend in with your hair/skin. Choose brights very carefully as colors cast color shadows, which may not be flattering.

## 4. ACCESSORIES

Accessories can give your wardrobe a finished look. Add jewelry, hats, sunglasses, handbags or something more personal to add more personality to your photo shoot. Don't forget that you can mix & match so gather a few of your favorites and bring them along! And don't forget pets, if you want to include them in a few images.

Try not to spend too much time obsessing about choosing the perfect outfit for your senior session. Bring extra outfits and accessories that will allow us to mix and match together. This is a lifetime event, but keep in mind that you need to be in the moment and enjoy every second celebrating this achievement. Let's work together to create a senior style that is a direct reflection of the inner you!
